Welcome to Woodridge Lake.

We would like to take this opportunity to welcome you to our community. Woodridge Lake is a wonderful place for work and play. Should you have any questions regarding our community, bylaws, Environmental Control Committee (ECC), or rules and regulations, we suggest you call or stop into the business office for more clarification. We are here for you.

Please note that should you be planning to have any contractors perform work on your property, there is a process that must be accomplished prior to any and all projects to be performed by any contractor. Please read and review the Environmental Control Committee (ECC) Informational Packet that is provided to you prior to you purchasing your home.

We look forward to meeting you.

Very truly yours,

Woodridge Lake Property Owners' Association
Business Office
